A trilateral, which the Ypres paid to the Canadian divisions, when they left the deadly salient which surrounds that city to transfer to the valley of the Somme, read as follows:

"On its departure from Ypres on October 7 and 8, 1914, the German army, in making me hostage, threatened me with a heavy penalty, should I, which it called 'the key of Calais,' which was itself the door to the north, not give up the keys of the troops have kept: the key, the door has remained closed, and during two years have rendered vain all the efforts of a superior army to force me to pass through. Victory approaches at last. Soon the sun of our deliverance will shine on the salient of Ypres, which has been the scene of the deaths of many have fallen on the field of honor in the cause of justice and civilization. We of Ypres will stress on those who have loved and died for us, that people at length return from their long exile and build anew their ruined hearths and homes, they and their children, and that we will be glad to come the glorious deeds of England and of Canada."

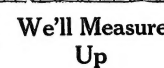

— "The Calais Key."

Ottawa, Oct. 6.—Sir Robert Borden, after a fortnight's visit to Nova Scotia, returned to Ottawa this evening. Lieut.-Gen. Sir Sam Hughes also arrived to-night. Hon. Martin Burrell, after a sojourn in British Columbia, came back yesterday, and Hon. Dr. Reid will be home from the west early in the week. Sir George Foster, touring with the Dominion's royal commission, will return about the 13th and with the exception of Sir Thomas White, who in a day or so will leave for England, practically all the ministers will be in town.

to all your expectations. If you have heard that our work is unexcelled, you have heard naught but the truth. We never fail to give good results.

When you have eye troubles you cannot do better than to bring them here.

Optician**

A union Thanksgiving service was held in the Methodist church on Thanksgiving morning. The local clergy were present and took part in the service. Rev. Brown read the scripture. Rev. McDevall led in prayer and Rev. Brough stated that at this season of National Thanksgiving we may think it hard to believe that the war holds the nation in thrall. The telegraphic and busy dispatching messages laden with news of death and suffering, of grief and hearts broken. But in spite of all the sorrow, despair, and disappointment of these things to be thankful for. We have reason to be thankful that the Kaiser who so long posed as the champion of the oppressed of the world has, in the providence of God, been unmasked, and we see him all too clearly in the light of the Gospel of the righteousness of God. We are thankful that the deception was not permitted to continue longer. We are thankful that the end of the war would have been more awful at a later

that our reason be to thankful too
grappling for territorial expansion
but for the traditions of civility and
on which our Empire
founded—
The British nation stands ready to
the cause of peace and undisturbed
for promoting universal and perpetual
peace. This is another cause for
Thanksgiving.
We have cause for thanks-
giving in the splendid heroism of the
men of Canada and the Motherland
who have given their lives for the
even their lives for the cause of free-
dom and truth.
There is cause for thanksgiving also
in the regeneration of Christianity
embodied in our civilization which
rises to disarm and dethrone the
forces of evil and of evil-doing
tyranny. We have heard a good deal of
Christianity being a failure in the
light of the present war. Thank God
that Christianity is not a failure. The
Christian religion that rises to save
the world from a retrogression into
medieval oppression and slavery.
I have concluded his address

His purpose with open face,
Unfolding every hour.
The bad may have a bitter taste,
But sweet will be the flower."

Let this thanksgiving season bring us nearer as a people to the God who in spite of the threatened decay of empires, has established His throne in the heavens and His Kingdom ruleth over all.

The L. O. D. E. Red Cross Committee began to acknowledge the following work returned:—

—Mrs. McHlane, jr.—6 triangular handkerchiefs.

—Mrs. B. Hewson, —7 T handkerchiefs, 4 towels.

—Miss Heywood,—6 cotton handkerchiefs.

—Miss McCune—1 pair socks.

—Mrs. Hamby,—1 pair pyjama pants.

—Mrs. C. Interbuch—1 knee cap, hot water bottles.

—Mrs. Heywood,—1 dress cap.

—Mrs. Rutledge,—6 triangular handkerchiefs.

—Mrs. Dr. McEwan,—4 pairs socks.

—Mrs. Fyfe,—1 pyjama suit.

—Mrs. Collison,—2 pyjama coats, 2 pairs socks.

—Mrs. Procter,—12 triangular handkerchiefs.

Donations

—Mrs. Jno. McPherson—\$25

—Mrs. Sam Wilson—\$3.75

—Mrs. H. J. Gatz,—8 face towels, 12 handkerchiefs.

ALICE SIMPSON, Secretary-Treasurer.

A cablegram received at Ottawa from the International Institute of Agriculture gives the following estimate of this year's crop production of wheat in the wheat-growing countries of Spain, England, and also Ireland, Italy, Switzerland, Canada, United States, India, Japan and Australia. Spain, 1,220,000 bushels, or 69.8 per cent. of the production in the same countries, last year, and 92.6 per cent. of their average production of the last five years, 1909-13. The production of rye in Spain, Italy, Switzerland, Canada and the United States, 1,220,000 bushels, being 98.7 per cent. of last year's crop, and 115.3 per cent. of the five years' average.

The production of barley in the same countries as for wheat, less Tunisia, is 476,583,000 bushels, 88 per cent. of the five years' average.

The production of wheat in the same countries as for wheat, less India and Japan, is 1,724,566,000 bushels, 78.2 per cent. of last year's crop, and 106.5 per cent. of the five years' average.

Uncle John (to his nephew)—This is a wonderful luncheon for one-and-sixpence.

The startling news that Major Harold L. Gaezt had been killed in action appeared in the public press Thursday without any warning and it was thought to be a mistake as the name was spelled wrong and it was not the same man as the late some mistake, but our respected citizen, T. A. Gaezt, brother of the Major, wired to Ottawa and learned that his brother Harold had been killed in action on September 29th. It is still hoped there may be some misreading, but it generally is assumed that he died as a heroic sacrifice on the field of battle in France. No doubt, word will be received in a few days of the death of Gaezt, bearing up under the awful news with truly heroic fortitude and she and her two young sons and her mother-in-law and other relatives will have the deep sympathy of all who knew, loved and respected him, but who knowing that he was a brave soldier in his life he was showing an example to the men he led in the cause of right.

Major Gaezt was a member of the 3rd and 4th divisions of the Rev. Joseph Gaezt now residing at Middleton, N.S. Early in life he was in the Halifax militia and mercantile business as his occupa-

tion until enlisting.

He had a commission in a volunteer regiment at Halifax for some time and he was a member of the militia some nine years ago he entered the business here, and the 35th Alberta Horse here, and he was a member of the organization of the 35th Central Alberta Horse here, he was given the rank of Major and acted as adjutant and was in charge of recruiting the first men who left for Valcartier and those who joined the 35th at Calgary.

On the formation of the 121st Mounted Rifles he was given the rank of Major in command of C Squadron recruited exclusively at Red Deer and the 121st was sent to the front as a flier. He went to England as second in command under Lieut.-Col. Macdonald and for a while was in charge of the 121st at the Eborham camp. Some three months ago he was transferred to France as a major in command of the 121st Squadron in this unit until the end of his death.

Shortly before leaving Sarcee last year he was given the long service medal and he was decorated and been connected with the Canadian militia for 20 years. He was exclusively a Red Deer man having lived in that city and district, after coming west.

Boston, October 8.—The submarine arm of the imperial German navy ravaged shipping off the eastern coast of the United States today. Four British, one Dutch and one Norwegian steamer were sent to the bottom and left crippled derelicts off Nantucket Shoals. A seventh vessel, nationality unknown, is also reported to have been sunk. Tonight the destroyer flotilla of the United States Atlantic fleet is picking up passengers of the derelict vessels and bringing them to New York, N.Y. So far as known, there was no loss of life, though at a late hour the crew of the British steamer Kingston had not been accounted for.

A Branch for Northern Alberta of the British Sailors' Relief Fund has been organized for Southern Alberta for the purpose of showing to small extent the appreciation of the people towards the grand work of the men of the Navy and Merchant Marine.

The idea of the Fund is to provide for the large number of widows and orphans of the men who have given their lives for the protection of not only the British Coast, but Canada as well. The great things for Britain and Canada. Through their continual watchfulness all our ships have crossed the ocean safe and at all times. Our grain and merchandise has gone forward to provide food, clothing and munitions for the large army. It could not have been accomplished.

The fact is if it had not been for the services and devotion of the men under the rule of the German flag, and we would be in the same position as Belgium—to be the prey of our own army and navy, and every true Canadian should be willing to contribute something towards protecting the lives of the men of the Navy and Merchant Marine.

The Committee have agreed to raise, at least, \$25,000.00 in Southern Alberta and earnestly hope that all who are asked to assist will do so at once as they wish to report to headquarters on October 21st., the Anniversary of the battle of Trafalgar when Britain became mistress of the seas. Mr. R. B. Welliver will re-

A meeting of the Alberta Natural History Society was held in the City Hall on 24th September. The motion was adopted that the branches hold their next meeting on 25th of October, in order that their reports on work accomplished list of members, etc., could be prepared for the annual meeting in November.

A further motion was carried that two inset cases be ordered which will contain a representative collection of Alberta natural history material to be exhibited in the City Hall. Such cases and contents to be the property of the above Society.

Intending members are invited to meet at the next Sub-committee

London, Oct. 6.—Famine is at the door of Belgium because of the requisition of the Germans on the over-queered population, according to the Times correspondent at Lausanne.

Meat is practically unobtainable, he says, and butter very scarce. Potatoes have not been seen for some time, and prices are becoming impossible. Coffee is \$3 a pound, choice chocolate \$5.00 and sugar 75 cents. The almost total disappearance of sea fish and the excessive cost of meat have made mussels a popular food.

The subject of the Germans starving the Belgians is without doubt to induce them to demand peace, the correspondent says.

Cattle. Prices for beef continued good all the week until Friday, when the heavy run and accumulation of supplies blocked active trading completely on both beef and feeder cattle. We sold some top steers at \$6.42 on Friday, but had to take \$6.35, \$6.25 and \$6.00 for the bulk of our fat

and prices remained unchanged or slightly higher in this class, due to the very light supply of sheep.

Wool. Sheep Packers were successful in lowering the price of hogs to \$9.75, 75¢ over \$9.80, but they are in line with other markets, but they did not get the price they wanted. We do not think prices will go lower as long as the supply is light. (Top prices for steers and hogs this week a year ago were \$10.00 and \$10.00, respectively.) We handled 100 head of cattle and 45 percent of the hogs on the market.

Butter. The demand for butter continued with few lambs and weathers coming. We could have sold lamb butter at \$8.00 and weathers at \$8.50 this week.

Steers, fat, common to choice butcher \$8.00—8.40
Heifers, fat, common to choice 7.75—8.00
Heavy butcher 5.50—5.50
Cows, choice 4.25—4.25
Cows, common 4.25—4.25
Calves, common 4.00—4.00
Stags 4.75—5.50
Oxen 4.00—5.00
Veal calves, 200—300 4.00—4.00
Veal calves, 350—450 4.00—4.00
Light feeding steers 7.75—7.50
Light feeding heifers \$5.75—6.00
Light feeding calves \$6.00—6.00
Springing, common \$5.50—\$7.00
Sheep—Good weathers 8.25—8.50
Doves 7.50—7.75

Frank Dodson, the ten year old son of Mr. and Mrs. J. E. Everso Herkhamstead farm, passed away the Memorial Hospital early Saturday morning after the amputation of his right leg. The operation could have saved his life. He was returning from school at Springfield last week when the horse ran away throwing him, his foot catching in the stirrup and the horse ran a quarter of a mile when the stirrup broke. Help was quickly at hand. Commissioner Stephenson and Mr. A. Gaetz being right at the corner of Third and Main streets, the first aid, Mr. and Mrs. Gaetz motored to the nearest telephone, and medical aid was available from Red Deer in half an hour. The leg was to have been amputated at the knee, but the horse, and the protruding bones were drawn through the mud, sawing the flesh terribly.

The funeral on Sunday to the Rev. Deermeyer was one of the largest ever held in the city for some time. Fifty-six carriages and six auto cars were in the procession and it reached over a mile in length, showing that those who went to the house of the father and mother had from their many friends and neighbors. Those who went to the house of the mother were many. The funeral arrived about four o'clock the Rev. C. Brown and Rev. Mr. Findley, officiated.

Though the home of the Everesolds is a large one it was not large enough to hold the people that were there and the service was held in the verandah and lawn during the service at the house.

The casket was a white silk plush with silver and gold mountings. The little laid was laid to rest in a bed of flowers, as all the flowers were placed on the casket and around it, and being put in to the other side, and all buried together.

A slight delay occurred at the

The following is a list of the flowers sent:

- Wreath from Father and Mother.
- Wreath from Mr. and Mrs. Hennessey.
- Eversole.
- Wreath from Clearview Sunday School.
- Wreath from Wasikaw Lodge I. O. O. F., and Deer Creek.
- Wreath from William and Russell McFarlane and families.
- Pillow from Baltimore Hospital A. S. C.
- Basket from Irene and Joseph Ross.
- Cross from Mr. and Mrs. Spier and family.
- Cross, from Clearview-Springvale Institute.
- Star, from Mr. and Mrs. J. J. Bennett.
- Spray, from Pupils and Teachers of Springvale School.
- Star, from Mr. and Mrs. Pike.

INSTITUTE
24 chickens, 10 lace potatoes,
turkeys, 2 pure-bred roosters, 1 pure
bred hen, 100 eggs, 1000 lbs. of
bushels, 1 load green feed, 852 in cash
besides the country members of the
Institute are taking charge of the
territory.

WASKASOON DISTRICT
5 chickens, 3 hottles home-made
pickles, 4 lbs butter, 6 fowl, 2 ducks,
2 pure bred roosters, 1000 lbs. of
bushels potatoes, load green feed.

SPRINGVALE-CLEARVIEW
10 pure bred sheaves, 1 ewe lamb,
2 pure bred roosters, 1000 lbs. of
2 sacks turps, 4 or 5 bushels veg-
tables, 2 sacks potatoes, 6 fowl,
dressed dolls.

PINK LAKE
4 roosters, 3 bars, jam, 4 sacks po-
tatoes, 2 sacks carrots, 1 sack butter,
10 chickens, 4 ducks, 8 lbs butter,
8 dozen eggs, 8 leaves bread, 2
doughnuts, 16 chicks, 5 bushels, 2
pure bred roosters, 1000 lbs. of
pickles, 4 quarts fruit, \$10 in cash.

Many of the districts have not yet
been heard from. It is hoped all dis-
tricts will be heard from. The dis-
tricts are urged to do their share al-
ready the country contributors.

Many of our members are men and
tried to all support your efforts,
make Christmas a happy one to
them. "Let every man do his duty
as he is able."

Mr. Quigg, has received word that his cousin who is in an Irish regiment has received the Victoria Cross for conspicuous bravery under fire.

Capt. Dr. Henry George received wire on Saturday that his son who has returned to take a commission in the 187th had arrived at Halifax but that his arrival west was uncertain.

Pte. Frank Corbell, of the 12th C.M.I.'s from Rocky Mountain House, was reported wounded in the casualty list last Thursday last. 4th of October. He belonged to troop 2, 1st Squadron and had two stripes. I was in the 2nd C.M.I.'s when wounded.

Captain Stanley Walker of the 59th Batt. is listed as among those killed in action Thursday last. Captain Walker was head of one of the Royal Canadian Mounted Police and was a general favorite among the men here. He was vice principal of the Calgary Normal Practical School.

letter received by his father says he was wounded in the first trench with shrapnel at 9.30 a.m., but the fighting was so fierce that he lay until 1.30 p.m. before they could move him. He had thirty-seven wounds on him. He is now in England in hospital unable to go about and do light work and says he is feeling fine. He announces that he had got his first stripe and is now Lance-Corporal.

The coyotes are very plentiful this year, as there are no rabbits for them to feed upon. They look with hungry eyes at children going to school.

The muskrats are building the nests warmer for the coming winter. The boys will soon have to trap them, and it will be labor to vain for them.

Mr. Smith and family of Eckville have moved into their new house. It looks warm, but I don't know whether it is not.

The farmers are bringing in the hogs to sell now. But I don't know whether it will be worth the while or not.

Honorable Ole Lundberg, Esq., led us into the river up to his neck, and he

The threshers are getting ready to thresh the grain, but I suppose as soon as they get started they will break down (per usual) and take a week to get fixed up.

**Camp Closes
October 20**

Hoped That 187th Will Return

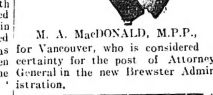

The units that are likely to leave for other places are the 25th Vermont Infantry Battalion, under Colonel C. V. Brown; the 26th Vermont Infantry Battalion, under Colonel Lyons; the 19th Vermont Mountain Highlanders, under Colonel W. C. Craig; and the 202d Signal Company, under Colonel F. J. Bowen, while the 191st, a colored Division in command, will winter at Victoria Park.

Many men have been called in from harvest leave. At the present time the camp is in a terrible state, as far as the men are concerned, because they are so tired after their season. The snow of the past week has turned the Sarcee into another Sahyran, and the men are sick and weary, so that it is almost impossible to "carry on." The chill October winds too, are sweeping across the tented tops of the hills, and the weather is none too pleasant for the black-clad battalion.

BIRTH.

At the Memorial Hospital on Saturday, October 7th, 1916, to Mr. & Mrs. C. D. Locke, a daughter.

At North Red Deer, on October 8th,

Pte. Rubie Gee returned from England Saturday evening and a great crowd of people were at the depot to greet him. So great was the crowd that it was utterly impossible for a person to get through it. The Citizens' Band was present and played a number of popular airs. Pte. Rubie's well-known figure appeared on the car steps a rush was made for him and he was warmly greeted by a host of friends, and Harvey Bawltinehir of the Ford Garage was present with his car and took Pte. Gee and Mrs. Gee to their home in Waskasoo which had been decorated with flags for the occasion by old friends.

shot through both legs and after months in the hospitals was discharged as physically unfit. He will always be a little lame.

He reports that as he came through Quebec he and other wounded soldiers were jeered by roughs who used insulting language towards them, but they did not quite understand it at the time or they would have taken a shake out of the low down cur.

Beef Hides, salted, per lb.	12
Calf Skins, 20lbs. and under, ...	15
Dry Beef Hides, No. 1, per lb....	19
Horsehair (tail and mane only) ...	23

When Pigs Were Cheap

IN your grandfather's day---ask him about it---you could buy a dressed hog for three dollars; a nice big pig. And a live pig would cost you no more.

Everything in those bygone days was cheap---that is, the things of common use.

Clothes, boots, milk, bread, beefsteak, eggs, butter, lumber, farm labor, domestic servants---they all cost a good deal less than they do today.

It cost less to live---and less to be born---and less to die fifty years ago than today.

And it cost much less to publish a country weekly fifty years ago than it does today---very much less.

Yet you paid---or your grandfather did---just a dollar a year---the same as you are paying today.

But the dollar rate must yield to the pressure of necessity. We must do what we ought to have done years ago---raise the price of "The News" to \$1.50. The tremendously increased costs of paper, ink, supplies, and the more-than-doubled cost of living have made us "furiously to think." And so, on and after October 15th the price of "The News" will be \$1.50 a year to Canadian and British post offices; United States \$2.00 a year; Army Post Office, London, England, \$2.50 a year.

Good Readers All

If you were in our place, and knew all we know about the higher costs of publishing, you would wonder how we didn't make the advance long ago. We trust you to meet the new rate with a smile. Not for 50 cents a year will you say "Stop my paper."

**BUT IT IS OUR DUTY TO LET YOU
KNOW NOW WHAT'S COMING**

LT. L. S. CARRICK, 10th Batt.
Killed in Action

Having Trouble in Furnishing Food

Potatoes and Milk are Scarce Articles in Berlin City Now

London, Oct. 5.—Great difficulty is being experienced in provisioning Berlin, according to the Socialist newspaper Vorwaerts of that city, as quoted by Reuters' Amsterdam correspondent. The potato supply is said to have stopped during the last few days, the interruption being attributed to lack of field labor. The decrease in milk supply is the subject of anxious discussion by the authorities. The newspaper says many of the large milk dealers have discontinued their consignment to the city because of the shortage and also to the fact that when they have been able to send in small quantities, the profit has been slight. According to this information there has been a great rush to the soup kitchens, which now distribute 31,000 portions daily.

Olds School of Agriculture Opens October 31, 1916

Up to date fifty boys and thirty girls have registered for the first year in the School of Agriculture at Olds. This, together with those who will return for a second year course will bring the registration up to considerably over the hundred mark. A striking feature of this year's registration is the large percentage of girls who are entering for the Household Science Course, as we are likely to have in the neighborhood of between sixty and seventy girls, all told.

The courses both in Agriculture and in Household Science are entirely free, there being no fees whatever in connection with the school. Students are asked to deposit \$5.00 to cover the equipment of tools, etc., that is given them to work with but in the spring, if the tools are turned back without anything broken or lost the students again. Hence, the only expense is for board and room which may be secured at from \$4.50 to \$5.50 per week. This, of course, includes both board and room.

For students who are required to stay at home to do the farm work this gives a splendid opportunity to secure a little additional information regarding agricultural work at a time of the year when there is little doing on the farm and at practically no expense whatever, except for actual living expenses.

We shall be very pleased to receive applications from all the boys and girls in this district who may wish to put in a winter at considerable profit to themselves. Applications may be sent to the undersigned, W. J. Elliott, Principal, School of Agriculture.

Government To Make a Raid on Leather Stocks

Washington, Oct. 5. — Consul-General Skinner at London, in a dispatch to the commerce department, says that the British government has given notice that the war office will in a few days requisition all leathers finished or undressed, of the following described classes:

Vegetable tanned skins of six lbs and upwards, butts of 12 lbs, backs of 8 pounds, vegetable tanned shoulders, medium and heavy butts of one and a half millimetres substance, and upwards, kip sides except semi-chrome, also vegetable grained upper leathers, chrome leather, and upper leathers of any other process of one and a half millimetres substance.

Owners of such goods are notified that they must not sell or remove such stocks without permission of government authorities.

The director of army contracts will have charge of seizing and removing all leather stocks thus taken by the government.

CUNARD STEAMER IS SUNK IN THE MEDITERRANEAN

London, Oct. 5.—The admiralty announces that the Cunard steamer Franconia, employed for transport duty, was sunk in the Mediterranean yesterday by an enemy submarine. The steamer had no troops aboard. Twelve men of the crew of 302 are missing.

The Franconia was a steel steamer built in 1911 at Wallend-on-Tyne. She was 600 feet long, and 71 feet wide. Her speed was 20 knots an hour and her tonnage 18,150.

"BRAVEST THING I EVER SAW"

London, Oct. 3.—Wounded Canadian teaching in London from the Somme bring fresh details of the part played by Canadians in recent triumphs. An Ontario officer says: "The bravest thing I ever saw was the death of Lieut. Pringle. He charged, single handed, a Bosche machine gun and killed the crew with his revolver. He was shot and instantly killed just as he reached the German parapet. Had that machine gun ever got into action our casualties would have been very heavy. Lieut. Pringle knew the danger he faced when he made his dash, but he was built of the stock that would give his life without hesitation for what he believed was right."

TOFIELD SCHOOL IS BURNED TO THE GROUND

Tofield, Alta., Oct. 5.—The Tofield public and high school was totally destroyed by fire at four this morning. The cause is unknown. It was built seven years ago, and cost \$9,000. It was a two-storey building of four rooms, heated by a hot water plant. There is insurance of \$7,500 on the building, and \$1,000 on the equipment.

WIRELESS WAVES SPAN THE PACIFIC

San Francisco, Oct. 5. — Wireless waves spanned the Pacific ocean when the San Francisco Marconi station was in direct communication with a Japanese wireless government plant at Otsuishi, Japan, 5,800 miles away. The conversation was one of a series of successful tests being carried on preliminary to the inauguration of a wireless commercial service.

Previously Honolulu relayed wireless messages between Japan and the United States.

Physician's Eczema Remedy

Dr. Holmes, the well-known skin specialist, writes: "I am convinced that the D. D. D. prescription is as much a specific for Eczema as quinine for malaria. I have been prescribing the D. D. D. remedy for years."

This soothing combination of oil of Wintergreen, Thymol, and other healing ingredients called D. D. D. Prescription is now a favorite remedy of skin specialists for all skin diseases. It penetrates the pores, gives instant relief from the most distressing itch. Its soothing oils quickly heal the inflamed tissues.

Come to us and we will tell you more about this remarkable remedy. Your money back unless the first bottle relieves you. D. D. D. Soap keeps your skin healthy. Ask about it.

Financial District Meeting of the Methodist Church

The financial district meeting of the Red Deer district was held in the Methodist church, Oils, on Tuesday and Wednesday, September 26 and 27. There was a good representation from all parts of the district, and the sessions were of unusual interest. Rev. A. Barner, Superintendent of Missions for Southern Alberta, was present.

Last year, in spite of the extra demands made upon the people, the missionary income of the Methodist church in Canada was the highest on record, being \$15,000 in excess of the preceding year. An effort is being made to make the missionary work of this province self-supporting and an effort is being made to increase the missionary contributions at least 35 p.c. this year.

Rev. Dr. Riddell, of Alberta College, Edmonton, delivered a stirring patriotic address on "Opposing Forces of Civilization." He pictured the development of autocratic power in the ancient world, and the aggressive forces of Egypt, Assyria, Babylon, and Persia. These great empires of antiquity sought to develop power by the aggressive policy of militarism. On the other hand, recent archaeological investigations had shown that in the island of Crete there was developed not by overruling other nations with an overwhelming army, but by the use of a fleet, an extensive trade was kept up with parts of the known world. Under the protection of the fleet, maintained at Gnossea in the island of Crete, the aggressive forces of Egypt, Assyria, and Persia were effectively held in check, and it was possible to develop the splendid civilizations of Greece, Carthage and Rome. After 6,000 years of world history since this ancient struggle, we find a similar situation in the world's life today, which shall win? The army or the navy. The civilization based upon aggressive autocracy or the civilization developed upon the policy of peaceful trade policy which seeks to uphold the ideals of democratic freedom? Dr. Riddell announced that an effort is being made to have a series of lectures given next summer, at Edmonton, by some sociologist of world-wide reputation, and this will probably be connected with the second conference for rural leadership.

A resolution was passed by the district in favor of the establishment of some system of free hospitals to be established and maintained under Governmental control.

A committee, consisting of Revs. H. M. Horricks, of Crossed, and A. A. Armstrong, of Carstairs, and A. A. Lettice, of Innisfail, was appointed to investigate the school of Sylvan Lake Institute, if possible, a summer (30), Range two (2), West of the Fifth Meridian, in the Province of Alberta.

MAGIC READ THE BAKING LABEL NO ALUM POWDER

Zeppelin Chaser Spells The End of London Raids

This Newly Invented Machine Has Wonderful Power

London, Oct. 4.—A new "Zeppelin chaser" employed by the home defense is one of the most formidable public place in it is at last published on account of the insistence of newspaper men on the desirability of the main fact being given out.

A French aviation expert, Jacques Maesille, has examined this machine and his published account of it, after the censor in two countries had made their dimming as follows: "The machine is a tractor biplane of powerful construction with a high-powered fixed motor. Its stability is remarkable to a point of being practically automatic. Landings can be made by this machine at relatively low speed. As for the form and volume of the machine it is described as being not to be known until peace has been signed. I shall only add in the connection that if the French continue to send Zeppelins over London it is ten to one that the day will come when their home sheds will see them no more."

It was with one of these machines that Lieut. Wm. Robinson destroyed the Zeppelin on September 2, for which feat King George conferred on him the Victoria Cross.

Scientists Finds Means to Save Sawdust Waste

Tar, Oil, Acetate of Lime and Charcoal Obtained by New Method

Vancouver, Oct. 4.—Experiments by Dr. J. G. Davidson of the University of British Columbia have resulted in the discovery of a process in distilling sawmill waste by means of which tar, a light oil, acetate of lime and charcoal are obtained. In the new process the gas produced by distillation is carried through a pipe nine inches in diameter and twenty feet long. In the pipe is a coil of charged wire, which causes precipitation of the heavy particles of tar. The tar, forty gallons for each cord of wood, is of medicinal quality, consistency and marketable. The light oil, obtained in a water condenser, is immediately marketable for use in painting and the yield is two gallons to the cord of wood. Eighty pounds of acetate of lime are obtained for the prodigious amount of each cord of wood. Ninety pounds of charcoal are in the final yield.

Clarke v. Hepworth Appeal

The case of Clarke v. Hepworth and Michener, Carstairs & Co., on appeal from the decision of Judge Lives at the trial at Red Deer in favor of the plaintiff was heard by Chief Justice Harvey, Judges Scott, Stewart and Hogg, sitting in court on Oct. 2nd and 3rd. The appellant Hepworth appeal, at Edmonton on October the was represented by Mr. O. M. Biggar and Mr. W. E. Payne and the appellants Michener, Carstairs & Co. by Mr. A. H. Clarke, K.C., and Mr. F. Ewing, K.C. Mr. Frank Carstairs and Mr. A. H. Russell appeared for the respondents.

The main points involved, as to whether a relation of trust had been established between the Michener and the Michener firm and as to the responsibility of an agent in sale to acquire for the seller, affects a great many transactions in this Province and in the West, and the decision of the court, which was reserved, will be awaited with much interest.

October 3, 1918
Miss Gamble of the Red Cross Dispensary, Calgary, is spending a week or so in Delburne with friends here. The ladies of Delburne Methodist church are preparing for a supper to be given in the church on Monday evening next. Following the supper there will be a good musical programme.

Miss Maynard spent the week end at Edmonton with friends.

Mrs. James Gamble received word this week of the death of her brother, Thomas Ball, who was killed recently in action. Mrs. Gamble left for Red Deer on Tuesday to spend a day or so with her mother.

Miss Bell, of Red Deer, is in Delburne, and has taken a position in the Delburne Trading Company's store here.

The Bishop from Calgary is expected in Delburne this week and will dedicate the Anglican church here on Wednesday evening.

Mr. Percy Kneeshaw, of Delburne from here yesterday.

Recent Victories Have Brought British Up to Best Vantage Points

London, Oct. 4.—An official statement, issued here to-day, gives details of the fighting on the Somme front after the advance of Sept. 15 describing the capture of villages, including Compiègne, Quebecourt and Thierval, and proceeds: "These victories brought our front line at more than one point within a mile of the German front line west of Bapaume-Transloy road. The enemy has fought stubbornly to check our advance and since Sept. 15 seven new divisions have been brought against us and five against the French."

At the end of September the situation may be summarized as follows: "Since the opening of the battle on July 1, we have taken 26,735 prisoners and engaged thirty-eight German divisions."

On the other hand, it was found that the lease had been made out to P. Burns & Co., Ltd., whereas the tax notices had been directed to P. Burns personally, and for that reason the case was dismissed with costs.

Can Collect Taxes on Grazing Lands

His lordship Mr. Justice Simmons delivered judgment at Calgary, Wednesday in the actions brought against Frederick A. Kilburn and the Burns Co., Ltd., by the rural municipality of Maroon to collect taxes on grazing lands in the municipality. The cases were regarded as of unusual interest, owing to the fact that they were test cases, and upon them will hinge whether lands held under grazing permits from the Dominion government should be taxed or not.

In the Kilburn case, his lordship held that the defendant was an "occupant," and therefore held the defendant liable for the full amount of the claim.

On the other hand, it was found that the lease had been made out to P. Burns & Co., Ltd., whereas the tax notices had been directed to P. Burns personally, and for that reason the case was dismissed with costs.

BUBBLING WITH OPTIMISM Baron Shaughnessy Strikes Hopeful Note

but we have all learned a lesson." Lord Shaughnessy said that there was evidence on which his banking business could be carried on with a decided improvement in trade conditions on the Pacific coast. The baron said that beyond doubt it was more brisk than it has been for a considerable time, the mining is in a better condition than it was a year ago, and the baron said that the work that the company has performed in Vancouver and its surroundings has involved a vast expenditure of money. It is true that we had a substantial return for the townsite, but the property of the company at the time Vancouver was established, but every dollar received has been expended in many millions more have been expended within the boundaries of the city. (Applause.)

"This is not the time to undertake many improvements, not a time indeed to take anything in nature or to make anything in the nature of promises of important works, but it is clear to me that for the future the instruments of the port it will be necessary to spend a very large sum of money in providing for the jetty for which steps have already been taken. The port in its present state of development would be a matter of surprise to almost any person who had not followed the history of the port. When the first Empress came here in 1850, we had to secure traffic enough to feed these three Empresses on the coast-bound voyage. Today we have tonnage beyond the facilities that have been provided at a cost of millions of dollars and we can see that the future is a very substantial increase in tonnage. The original traffic which was divided with a number of lines in which our company made a great landed capital in a substantial degree diverted to us and arrangements have been made with the business authorities that will insure a very large increase in the tonnage for Vancouver, British Columbia, and the port of Vancouver." (Applause.)

Lord Shaughnessy then referred to what had been done by the C.P.R. for the development of the mining industry in the province, when the Consolidated Company was at a low ebb. He also made a brief reference to the opening of the Kettle Valley Railway and the fact that it was now nearer the coast by rail. Speaking with regard to the development of the province, he said that the company has been very largely increased territory. With the return of better times, he said, "we have more and more favorable, no doubt extensions would be made," and he said that he had no doubt that the province would be a "great province." (Laughter.)

"We must try to determine," said Lord Shaughnessy, "what our policy is going to be in the future. I speak for the policy of all of us who are interested in the welfare and progress of the Dominion. At the moment we have one working thing that separates all others. The war must be prosecuted to a successful conclusion at all hazards. (Applause.) Nothing has been so either directly or indirectly connected with the successful prosecution of the war as the fact that a second army has been placed in our thoughts. The war will not last forever.

"The policy of the Company in Victoria that at other points served the company's lines has been one of creation and improvement. Nothing has been so either directly or indirectly connected with the successful prosecution of the war as the fact that a second army has been placed in our thoughts. The war will not last forever. "The policy of the Company in Victoria that at other points served the company's lines has been one of creation and improvement. Nothing has been so either directly or indirectly connected with the successful prosecution of the war as the fact that a second army has been placed in our thoughts. The war will not last forever. The L.O.D.E. will meet on Friday afternoon, October 13th at 3.30 p.m. in the Public Library.

Miss Mariel Proctor who has been visiting friends in the east for several months, returned on Saturday last to Red Deer.

Miss Belle Scott who has spent the past six months with her sister Mrs. J. K. Marshall returned on Monday of last week to her home at Haverhill, Man.

Have your piano tuned now by the local expert, J. E. Welton. Phone 86.

Mrs. J. G. LaFrance, of Arme, spent Thanksgiving with her mother, Mrs. G. W. Smith.

Mr. and Mrs. R. C. Brumpton, of Pincher Creek, were the guests of Mr. and Mrs. R. L. Gaetz over Thanksgiving. Mr. Brumpton says business in the south country is good. He took in a little shooting trip out east while here.

Pianos tuned—J. E. Welton.

Mr. McClure, of Ontario, is visiting his son, J. R. McClure, barrister.

Bishop Pinkham was the guest of Dr. and Mrs. Sanders over Sunday.

Mr. and Mrs. Donald Smith returned from Ontario Saturday evening.

Miss Helen Miller, of South Edmonton, is visiting with Mrs. Beaumont for a few weeks.

Mrs. Illsey and children were the guests of Mr. and Mrs. Joseph Wallace over Thanksgiving.

Great bargains are offered at N. White's great sale of furniture for ten days! See ad. in another column.

Mrs. J. J. Bradford and son Russell, of Delia, are visiting Mrs. Bradford's mother, Mrs. J. McMillan.

Remember the great sale of new furniture and secondhand furniture for ten days at N. White's furniture sale.

Bishop Pinkham, of Calgary, preached the sermon in St. Luke's church on Sunday evening last to a large congregation.

Howard Gaetz left on Sunday with his father, Prof. H. H. Gaetz, for Edmonton where he will enter Alberta University.

Mrs. H. J. Snell and children are leaving Red Deer shortly for England where Serg. H. J. Snell is at present stationed.

The Misses Johansson, Eric Pyke, Miss Nuvonville, Miss Parke, Miss Munro, were in the city over the holiday visiting friends.

A meeting of the Women's Institute will be held on Thursday, October 12th, at the residence of Mrs. R. H. McNeill, at half past three.

The C.E.H. have a bridge game employed here at present repairing the several small wooden bridges between Red Deer and Penhold.

Mrs. J. E. Partington has moved from Calgary to Red Deer and taken rooms in the Gaetz-Cornett block.

Serg. Partington is with the 187th battalion.

Mr. C. W. Parke has brought his well drilled outfit back from Northern Alberta and is busy driving a well for Hephworth and Trimble at their Creamery on Second Ave. East.

Mrs. C. F. MacKenzie, Waskasoo Avenue, left a big turnip at this office last week weighing ten and three-quarter pounds. She wants to know if there is a bigger turnip in the district. We better there is.

Come to the Bible study tonight in the Baptist church. All Christians should be Bible students. Rev. L. E. Brown will conclude the study of Christ's conversation with Nicodemus. The church will be warm. Try hard to be present.

Chief Archie Taylor of the Fire Brigade has a younger brother, H. C. Taylor, reported wounded this week. He was with the 60th Battalion, Montreal. He has been sent to the trenches one month after being laid up since spring with gunshot wounds in shoulder and back.

Next Sunday, October 15th, is observed throughout the city as "Children's Day." The sermons at St. Luke's, both morning and evening, will bear on the subject of Sunday School work. There will be a children's service, to which parents and friends are invited, at 2.45 p.m.

The piling on the C. N. Railway bridge has just been completed. The centre of the river from either side but owing to delay in receiving piles the work is being held up for a short time. The gate is busy working up the timbers for the bridge, as for the present the company intend to construct what is known as a "Hollow truss" bridge.

Coming to the Nazarene Mission, 70, Gaetz Avenue, to conduct Special Evangelistic Meetings. Rev. E. E. Martin, ex-soldier and evangelist in charge. Meeting every night at 8 p.m., starting on October 10th and continuing until 25th. Two meetings on Sunday at 11 a.m. and 7.30 in the evening. Further announcements made from time to time. Come and hear this man.

Mr. C. P. Mellor came in on Wednesday morning's train and left for his home west of Evans by the afternoon train. Mr. Mellor is one of the men to be honored for his services to the "rat" cause for which the Empire is battling. He trained at Red Deer and Calgary with the 80th, but the military authorities at Shorncliffe would not recommend him for the more strenuous trench warfare at the front.

The members of St. Luke's W.A. are starting a sewing circle to prepare for a bazaar to be held the last week in November. The members would be glad if all lady members of the congregation and their friends would come and help them. A ten cent tea will be served. The first meeting to be held on Wednesday, October 11th and each following Wednesday 2.30 to 5 o'clock in the Parish Hall. The tea is open to all.

The congregation of St. Luke's church are arranging an informal congregational gathering to be held on the evening of St. Luke's Day, October 18th, in the Parish Hall. Light refreshments will be provided, and a musical programme, interspersed with brief talks by representatives of the various parochial organizations, will be arranged. This is a new departure and all members of the congregation are asked to make it a success.

With the inauguration of the winter time card on the Canadian Pacific Railway on Sunday, October 29th, the company intend discontinuing the present Calgary and Edmonton morning locals out of Red Deer and will re-establish the through afternoon train service between Calgary and Edmonton, much to the satisfaction of the travelling public.

The north bound train will leave Calgary at 12.30, arrive at Red Deer at 1.35 and Edmonton at 2.00 o'clock. Southbound it will arrive here at 17.05 and reach Calgary at 20.30.

The Institute tea room on Saturday, October 14th, will be in charge of Mrs. Geo. H. Lindsay.

Mr. Case, manager of the Imperial Bank, Athabasca Landing, was in the city over the week end.

Leonard Gaetz Memorial Church, Sunday, October 15, Public Worship conducted by the Pastor at 11 a.m. and 7.30 p.m. The Memorial service in honor of the late Major H. L. Gaetz, announced for Sunday evening has been postponed until further notice.

Commissioner and Mrs. Sowton will arrive in Red Deer Friday, Oct. 13th on the 12.10 train. The Commissioner will be entertained at the home of Mayor Carswell, on Victoria Ave., and will conduct a special service in the Knox Presbyterian Church on Friday evening at 8 p.m. Everybody cordially invited to attend. Major Hay, the Divisional Commander will accompany the Commissioner.

First Baptist Church, Rev. L. E. Brown, Pastor, Parsonage 30-5th St. N. E. Services on Sunday conducted by the Pastor. In the morning the service will be devoted to the interests of the Bible Society. Subjects "The Bible Society—An Appreciation." Evening subject, "Will there be a future judgment for man?" Sunday school follows morning service. You are welcome at all services.

Harvest Thanksgiving service will be held at St. Luke's on Sunday, October 22nd. The special preacher will be Rev. C. W. McKim M.A., Rector of Christ Church, Edmonton. The choir will render harvest anthems, and the services will be marked by the usual hearty congregational singing. In addition to preaching at 11 a.m. and 7.30 p.m. Mr. McKim will address the Children's service at 2.45 p.m.

Wedding Bells

MUNRO-COUSINS

A quiet wedding was solemnized on Thanksgiving Day morning at the home of Mr. Rodrick Munro, Red Deer, when Miss Hazel Cousins and Mr. Alexander Munro were united in the bonds of matrimony. Rev. L. E. Brown performed the ceremony. The young couple will reside in Innisfail.

At the residence of the bride's mother, 5th St. North, Red Deer, on October 7, 1916, by Rev. W. M. Kyles, Lieut. Robert Brown Law, 187th Battalion, C.E.F., to Hazel Helen, eldest daughter of Mrs. Charles Havens.

DEATH

At North Red Deer, on October 9, 1916, the infant son of Sergeant and Mrs. D. Small. Funeral private.

CARD OF THANKS

Mr. and Mrs. J. E. Everale desire to express their heartfelt thanks to the many friends who so kindly extended sympathy and help to them in their recent bereavement.

L.I.D. 401

SONS OF ENGLAND BENEFIT SOCIETY

The first of the series of Whist Drives will be held on Tuesday, Oct. 17th, instead of on Wednesday, Oct. 18th, our usual night. The Whist Drive will be held in the Parish Hall, commencing at 8 p.m. Admission 25c. Light refreshments. Everybody welcome. Come and spend a pleasant evening.

POULTRY

Red Deer Poultry Vards (registered) for live poultry:

Fowl, per lb 12c

Chickens, 3 lbs and up per lb 14c

Turkeys, 8 lbs and up per lb 16c

Though we receive poultry any day we prefer that, to prevent disappointment to our customers, they should, if possible, write or phone us before bringing in birds for, owing to the large numbers being received, our pens are sometimes full to capacity.

Note address—Opposite Lumber Mill North Red Deer

Phone No. 35 P.O. Box 580

AUCTION SALE!

J. W. and S. J. Tilden have decided to dispose of all their undivided partnership stock and have instructed us to offer the same at public auction at Meadow Park farm, four miles south of Thurst Lake on the 5th Meridian trail on

Wednesday, October 25, '16

30 HEAD OF CATTLE

8 good milk cows, six of them well-bred dairy Shorthorns, 1 pure-bred Guernsey and 1 gray Holstein. These cows are all giving milk some of them nearly fresh. 5 head of 2 and 3 year old steers and one dry heifer, all good fat stock, 8 yearling steers and two yearling Holstein heifers.

10 HOGS

Two pure-bred registered Poland China hogs, one and two years old, both 1st prize winners at Red Deer fair. Three young pure-bred sows.

In addition J. W. Tilden will offer 10 head of horses and colts, comprising an extra heavy work team, mare and gelding. Two Percheron fillies, 2 and 3 years old. A matched pair of Percheron colts and the registered trotting mare "Stacy Meyer" and the fine young "Zomert" mare, Flora, withilly foal at foot, sired by "Fisher Boy" also "Zomert" probably one of the fastest 3 year old pacing geldings in Alberta.

Sale commences promptly at 12. Lunch at 11.30.

TERMS OF SALE:—Cattle and hogs, spot cash. Horses on twelve months time. Parties to give good joint bankable notes drawing 8 per cent. interest, 5 per cent. discount for cash.

Here is the Most Practical Washing Machine Made—Exactly What You Have Always Wanted.

The Maytag Multi-Motor Washer

Complete with Engine and Swinging Wringer

It is equipped with a light, powerful, compact little engine that does all the hard work of washing and wringing, and does a bigger, better, and than you can possibly do with a wash board and tub in a day's time. This Washer takes up no more room than an ordinary wash tub and can be used in the kitchen, laundry, dining room, on the porch or out in the yard. It requires no belts, chains or pulleys, no electricity or water power and no waiting for the men to bring their engine from the barn.

Besides running the washer and wringer, this machine is equipped with pulleys so you can operate other small machinery such as churn, sewing machine, food chopper or any other machine that does not require an engine. It is a great saving in space and money.

THE MAYTAG MULTI-MOTOR WASHER is splendidly made of the best materials and is guaranteed against defects for a period of three years and this warranty covers the washer, wringer and engine. This is not an ordinary washing machine, but something new, with exclusive patented features that no other washer has or can have.

WASH-DAY, that is WASH-DAY, changed into PLAY-DAY. Good-bye headache, nerve wreck! No woman need spend the wash tub as her grandmother did, nor turn the old-style washer as her mother did, if she has a MAYTAG MULTI-MOTOR.

Nearly FIVE HUNDRED of the Wide Awake, Up-to-date, Progressive Hardware and Implement Dealers in Manitoba, Saskatchewan and Alberta are selling this machine.
